

Don't forget to read your Accelerated Reader Books, practise your Weekly spelling words in time for your test and learn your times tables.

This could be like a Show and Tell or a i-movie.

- Can you create your own presentation about a your knowledge of a food chain or food web of your choice.
 - Improve your knowledge of Australian Coral Reef Habitats. Can you mark them on a world map? Which creatures live there? What are the food chains of a coral reef? Why are coral reefs endangered? Can you draw a diagram of one to help you recall the knowledge?
- Knowledge Tasks:*

- Can you write your own story: The Twits from the monkey's point of view s - pretend you are MUGLEWUMPI
 - Design and Make your own Habitat e.g. using a shoe box, create a diorama of a pond, garden or woodland. Use drawings, models, or your own plastic creatures if you have any. To do this you will need to research your chosen habitat. Your model will be your own "scientific evidence" presented outside the Y3 classrooms.
- Skills Tasks:*

Year 3 Home Learning is due to be completed and returned in your Purple Book by Monday 17th October 2016. Please remember that you should try to complete at least three pieces of Home Learning from the passport.

Home Learning at Grazebrook

At the beginning of each half term, class teachers set the 'Home Learning Passport' activities for English and IPC. You should choose to complete at least one of the activities from each of the two areas but you can choose to do more. These can be completed in your purple book or, if they are a model or project, they can be completed separately. These pieces can be handed to the teacher any time before the date given inside the booklet. Each Friday, class teachers will give Mathematics home learning in your book. This will reflect on the work you have been completing in class. This should be completed in your purple book and returned for marking by Wednesday of the following week.
