

How does the weather affect the people that live there? Write a report and include diagrams, charts, maps.

Geography: Choose 3 countries and compare different aspects of their weather and climate (look at similarities and differences).

Show the data in a bar chart.

Geography: Find the average rainfall for Ireland, Northern Ireland, Wales, Scotland, England and London. Find the average temperature for the same countries.

Knowledge Tasks:

pieces of Home Learning from the passport.

Year 5 Home Learning is due to be completed and returned in your Purple Book by Monday 6th February 2017. Please remember that you should try to complete at least two

Skills Tasks:

Writing: Investigate one of the countries where the IPC supported charity Water Aid works. Find out about their projects in that country and make a poster persuading people to support this work with a donation.

DT: Make an Anemometer. This is a device which measures wind speed. The video below should give you some ideas!

Don't forget to read your Accelerated Reader Books and write three entries in the Reading Journal, practise your Weekly spelling words in time for your test and learn your times tables.

Home Learning at Grazebrook

At the beginning of each half term, class teachers set the 'Home Learning Passport' activities for English and IPC. You should choose to complete at least one of the activities from each of the two areas but you can choose to do more. These can be completed in your purple book or, if they are a model or project, they can be completed separately. These pieces can be handed to the teacher any time before the date given inside the booklet. Each Friday, class teachers will give Mathematics home learning in your book. This will reflect on the work you have been completing in class. This should be completed in your purple book and returned for marking by Wednesday of the following week.
