

Don't forget to read your Accelerated Reader Books and write three entries in the Reading Journal, practice your Weekly spelling words in time for your test and learn your times tables.

**Science:** What would the surface terrain be like on Mars? Design and create your own Martian example! Use sand, rocks and other common, available, natural materials from Earth to help you!

**Writing:** Imagine that you have visited Mars. Use what you know of the planet and your imagination to write a detailed diary entry that discusses your journey to, and the visitation of, the planet. What activities were available? What did you see/feel/hear/taste/smell? Did you enjoy it?

**Science:**  
**Knowledge Tasks:**

**Geography:** Research, study and describe how land forms such as mountains and volcanoes are formed. Research how they have been created on Earth to help you explain how you think they have been created on Mars.

**Curiosity:** Use your knowledge from Extreme Survivors to create a creature that is adapted to live on the planet Mars. Think about its physical features. Will it be nocturnal? How many legs, arms and eyes will it have? You must explain what adaptations your animal possesses and label them appropriately. You may make more than one.

Year 5 Home Learning is due to be completed and returned in your Purple Book by Monday 17th July 2017. Please remember that you should complete at least two pieces of Home Learning from the passport.

**Home Learning at Grazebrook**

At the beginning of each half term, class teachers set the 'Home Learning Passport' activities for English and IPC. You should choose to complete at least one of the activities from each of the two areas but you can choose to do more. These can be completed in your purple book or, if they are a model or project, they can be completed separately. These pieces can be handed to the teacher any time before the date given inside the booklet. Each Friday, class teachers will give Mathematics home learning in your book. This will reflect on the work you have been completing in class. This should be completed and returned for marking by Monday of the following week.
