

Computing

Our computing unit is called, "I am a Director".

Our weekly computing lessons will be linked to our IPC topic, but with a focus on giving pupils the ability to become a presenter. They will create fun and user friendly videos to engage others in E-safety. Finally, they will be presenting these on their own PRIVATE YouTube channel and class Blog.

Physical Education

The children will have P.E. every Friday with the coaches. Children will need to wear their PE kits to school. The children will be taking part in ball sports.

In addition, 2G will need to bring in PE kits on Thursdays and 2B will need them on Tuesdays for PE with their class teacher.

Curriculum
Information
Spring 1
2017

Religious Education

Our focus this term is Christianity, the children will learn about growing up in a Christian family.

They will reflect on their own family lives and what is important to them.

Children will also discuss the similarities between different upbringings.

Please Remember

Maths and spelling home learning will be sent home every Friday. Homework must be returned on Wednesday in time for marking. Please also remember to complete your child's reading journal each week. Children may include their own comments too.

Year 2

People of the Past

IPC Topic

As our topic is People of the Past, our main subject focus will be History, we will be;

- Exploring the decisions that rulers had to make in the past.
- Finding out about famous explorers using maps and role-play.
- Comparing what life was like at different times in the past.

In Science, we will explore famous inventions from the past by designing, making and testing the functionality of our own telephones.

Reading

Thank you for all the donations made to enhance our class book corners, there are reams of exciting new books for the children to explore in DEAR time twice a week.

Children will be encouraged to improve their comprehension skills this term, focusing on their ability to discuss a character, their feelings or make predictions about familiar texts.

Mathematics

Children will be able to access a greater range of targeted maths quizzes, using the latest iPad technology, to engage everyone in mental maths.

In our 'Maths Meetings' we will practise strategies for answering questions that apply our learning in number, shape, space and measure.

During our maths lessons this term we will be completing units on:

- Data handling
- Multiplication
- Division

Writing

We will focus on writing recounts about historical figures. Children will be describing their achievements and discussing the context of their explorations, inventions or scientific breakthroughs.

In addition to weekly writing lessons, children will undertake regular short grammar focus sessions.

In RWI spelling we will be moving onto a new unit, focusing on spelling patterns, which link to the weekly spelling tests.

REMEMBER OUR IPC PERSONAL LEARNING GOALS

Adaptability

cooperation

RESILIENCE

morality
