

Don't forget to read your Home School Reader or Accelerated Reader book, complete your Reading Journal and practise your weekly spelling words in time for your test and learn your times tables.

How are they different in the desert or rainforest for example?

Can you research flowers and insects from a different climate?

Can you create a flow diagram of their life cycle?

Choose a flower or insect. Draw a diagram and label its key features.

Choose a flower or insect.

Knowledge Tasks:

Year 1 Home Learning is due to be completed and returned by Monday 22nd May. Please remember that you should try to complete at least three pieces of Home Learning from the passport.

Skills Tasks:

- Choose your favourite insect or flower. Can you make a model of it?
- Go on a flowers and insects hunt in your local outdoor space. How many different flowers or insects can you find? Make a table, list or graph of the different types. Describe and/or explain your findings.
- Can you draw, paint or collage a picture of a flower or insect?

### Home Learning at Grazebrook

At the beginning of each half term, class teachers set the 'Home Learning Passport' activities for English and IPC. You should choose to complete at least one of the activities from each of the two areas but you can choose to do more. These can be completed in your purple book or, if they are a model or project, they can be completed separately. These pieces can be handed to the teacher any time before the date given inside the booklet. Each Friday, class teachers will give Mathematics home learning in your book. This will reflect on the work you have been completing in class. This should be completed in your purple book and returned for marking by Wednesday of the following week.
