

Don't forget to read your Accelerated Reader Books, practise your Weekly spelling words in time for your test and learn your times tables.

Leonardo Da Vinci was a serious inventor! Find out what things we use today that he originally designed.

- Improve your knowledge of the history of communication by researching either the printing press, the telephone, or the internet (or a similar invention).
- What do you know about your host country China? Research the country and find out about its most important inventions and technologies.

Knowledge Tasks:

- Create a model of your own invention that will make life in school easier. Write an explanation of what your invention will do and how to use it.
- What invention do you think changed the world? Research an invention and present your argument in a poster or presentation. Think of as many reasons why your chosen invention is so important.

Year 4 Home Learning is due to be completed and returned in your Purple Book by Monday 17th October 2016. Please remember that you should try to complete at least three pieces of Home Learning from the passport.

Home Learning at Grazebrook

At the beginning of each half term, class teachers set the 'Home Learning Passport' activities for English and IPC. You should choose to complete at least one of the activities from each of the two areas but you can choose to do more. These can be completed in your purple book or, if they are a model or project, they can be completed separately. These pieces can be handed to the teacher any time before the date given inside the booklet. Each Friday, class teachers will give Mathematics home learning in your book. This will reflect on the work you have been completing in class. This should be completed in your purple book and returned for marking by Wednesday of the following week.
