Friday 3rd February 2017

Dear Grazebrook Families,

Will you join us and help keep our children safe online?

O2 and the NSPCC have joined forces on a mission to help all children and their families in the UK stay safe online. Together, they're offering useful tools, support and guidance to help parents and carers have conversations with their children about their online lives.

Online safety workshops for parents

As part of this, they're running free **Online Safety Workshops for Parents and Carers** and will be hosting one here at **Grazebrook at 9am-10am Wednesday 22nd February 2017**. We would like to invite our families to join us. It is very important, however, that you contact us in order to reserve a place - spaces are limited.

The hour-long workshop will help parents and carers understand their child's online world and build confidence to have those important conversations that can help keep children safe online.

Our colleagues at NSPCC will also be talking to all our children during our assembly. Year 5 & 6 children will explore safety more closely through 60 minute age appropriate class workshops.

Until then, if you need any support or guidance, check out our website where you will find a step by step guide and more information, call the **O2 and NSPCC Online Safety Helpline** on **0808 800 5002**, or pop into your local O2 store for help from a Guru.

Warm wishes,

Jess Hutchison
Headteacher
