

HOME LEARNING MAKER MAT

**Please return your completed activities
by Monday 9th July 2018**

Research a scientist that has contributed to the world of forces.

Create an information sheet to describe their work.

Design and construct a fairground model.

Create a poster comparing the most famous fairgrounds around the world.

Create a model of a vehicle and explain how forces allow it to operate.

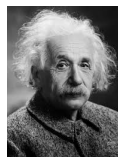

Year 6

Create a video explaining what forces are involved in everyday objects and how the forces operate.

Write an account to explain how a vehicle of your choice uses forces to operate. Underline the forces!

Create something inspired by the work of Albert Einstein.

Create a poster to explain the concepts of ratio and proportion.
