

HOME LEARNING MAKER MAT

Spring 1 Reception Classes 2019

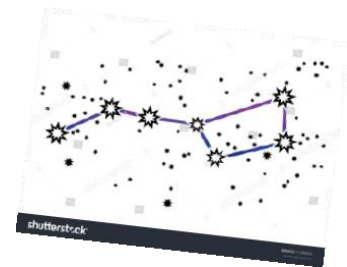

Create a rocket using junk modeling.

Find out three facts about the planet your learning group is named after.

Find a constellation in the sky at night. Can you draw it?

Make your own alien mask using a mixture of creative resources.

Reception

Dress up as an astronaut and take a photo.

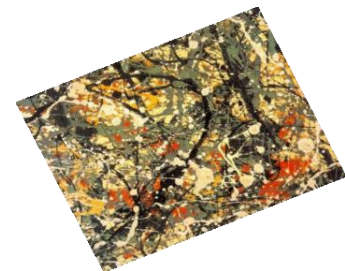

Create a poster of all the planets in the solar system.

Have a look at the moon over the next few weeks. How does it change?

Paint a starry sky in the style of Jackson Pollock.

Please note you only need to complete only one or two activities over the half term.
Please RETURN your completed activities by Monday 4th February 2019.
