THE WORLD WE WANT

Dear Year 4 Parents and Carers

This summer we have a really exciting project planned across the school based on the [UN Sustainable Development Goals](#), which seek to encourage us to 'achieve a better and more sustainable future for all.' The project will culminate in an event for the whole school community on Thursday 23rd May 2019 that we would love you to attend.

In Year Four, we are looking at Goal 2: Zero Hunger and will be creating a campaign that will encourage behaviour change around food waste, growing food and sharing food with those who need it. If you have any skills or passions in this area please let us know – we would love your help! You can either speak to one of us or email the school office at gboffice@newwavefederation.co.uk.

We look forward to hearing from you and, as always, appreciate your support.

Yours sincerely,

Jodie Tucker and Charlotte McVeigh

Year Four Class Teachers.
