

HOME LEARNING

MAKER MAT

Create a plastic diary for the week. Record all the times you waste plastic. Can you reduce this over the week?

Try to keep any waste plastic for the week contained within one jam jar.

Visit a local water source and help to remove waste plastic from the area.

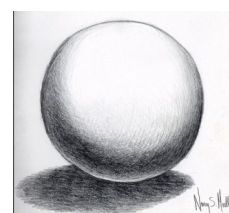

Write (and perform) a song encouraging people to use plastic in sustainable ways.

Year 3

Summer 1 2019

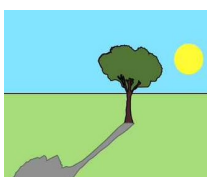

Draw an object showing the shadows on it.

Can you repurpose waste plastic to make something new?

Measure the shadow of an object over the course of the day. How does this change?

Create a collage using recycled reflective surfaces.
