Dear Year 3 Families,

Google Classroom

This academic year we are continuing the exciting way our Key Stage Two children access their home learning tasks, through an online platform called Google Classroom.

Google Classroom is a virtual classroom, managed by our own administrators, where teachers can create assignments, share materials and communicate with their students. Many of the teachers in Key Stage.

Your child's maths, spelling and 'maker mat' projects will now be set weekly within your child's class on Google Classroom. They will be able to access this on a device connected to the internet by going to classroom.google.com and signing in with a unique username and password that we provide for them.

In order to provide you with more information about this, we would like to invite you along to a workshop for year 3 families on Thursday 26th September 2019 at 9.15am in the main hall.

Kind regards,

Dinah Williams
Assistant Headteacher
Digital Learning Leader
