

HOME LEARNING MAKER MAT

Explore your local area. How many different insects can you find?
Can you create a fact file about your favourite?

Draw a dream jar and write down all the things you hope to achieve. It could be for today, this year or in a few years time.

Create a picture of Grandad's island- each part of the island must be coloured in with a different art medium.

Create a habitat for a creature of your choice to live in. Think carefully about what your creature will need to survive. What materials might you use?

Year 2

Living things & Their Habitats, Map It!
Autumn 1

Find out about an important symbol in Hinduism and draw a picture of it.

Design a completely new animal. What are its features?
Can you draw a labelled diagram to explain these?

Draw a map of Grandad's island. Don't forget to include a key showing the different features!

Film yourself bouncing a ball 10 times in a row!

Please complete at least 3 activities and return your projects by 16th October 2020
