Dear Grazebrook families,

Re: Remote Learning Webinars

Firstly, I would like to extend a huge thank you for all the incredibly supportive messages we have received this term. Your positivity and kind words have meant a lot to the staff who are working extremely hard to deliver both in-school and remote learning. We have also really valued your feedback regarding Google Sites, Classroom and Meets and the provision for each year group. Please do keep communicating with class teachers and year group leaders via the year group email addresses if you have any suggestions or require support. These email addresses are also a good way to let us know if your child will be absent from remote learning due to illness or other family circumstances.

We are excited to announce that our sister school, Shacklewell, is running a selection of parent webinars to support remote learning across the federation. If you are interested in attending any or all of the sessions listed below, please use this link to book a place:
